Lead – Digital Channels December 2023 – Present

HDB Financial Services Limited | Mumbai, India

Reporting to: Chief Digital & Marketing Officer | NBFC – Retail Lending & Consumer Finance

Team: 8 direct reports (Product Managers: 4 · Data Analyst: 1 · Campaign Managers: 2 · Product Marketing Manager: 1)

- ▶ Lead the Digital Channels portfolio for HDB Financial Services across HDB OnTheGo mobile app, HDBFS website, WhatsApp journeys, Chatbot (Ask Priya) and CleverTap, with accountability for digital adoption, product discovery, servicing, conversion and digital loan contribution.
- ▶ Manage a cross-functional digital team across product management, data analytics, campaign management and product marketing, setting priorities across journey build, journey revamp, CRM automation, funnel improvement and customer engagement.
- ▶ Scaled HDB OnTheGo from 3.5 million to 14.7 million installs, DAU from 84K to 530K+ and MAU from 9 million to 26 million through ASO, branch-led enablement, product discovery, lifecycle campaigns and journey optimisation.
- ▶ Built and improved digital discovery journeys across app and website, including pre-login discovery, guest access, product visibility, quick apply entry points and CRM-led nudges to move customers from interest to application.
- ▶ Revamped the Gold Loan lead-drop journey into a DIY Gold Loan journey across app and web by digitising KYC, account verification and key application steps; improved monthly disbursement efficiency by 38%, increased average ticket size by 93% and expanded digital channel contribution by 8.6x in 120 days.

- ▶ Introduced Xpress Self-Service with 15+ actions across loan management, payments, mandate management and grievance redressal, reducing assisted-service dependency and improving post-disbursement customer experience.
- ▶ Own CleverTap-led CRM and lifecycle automation across customer segmentation, event instrumentation, journey logic, triggered campaigns, funnel analysis and channel orchestration across Push, In-App, WhatsApp, SMS, Email, RCS, Voice and Meta Business remarketing.
- ▶ Lead the revamp of WhatsApp and Chatbot (Ask Priya) as part of the digital servicing and engagement roadmap, improving application follow-ups, drop-off recovery, query resolution, service discovery and assisted-to-digital journey handover.
- ▶ Partner with business, BPRG, IT Projects, engineering, data, risk, compliance and external vendors on UI/UX, BRDs, APIs, UAT, deeplinks, analytics, event instrumentation and LOS/LMS/CRM integrations to convert business requirements into live digital journeys.
- ▶ Designed AI/ML-led segmentation and contextual nudging, delivering 172% uplift in conversion and 30%+ growth in monthly disbursement volumes across ETB and NTB segments; app-sourced journeys contribute ₹280+ crores in digital loan disbursals per month.
- ▶ Improved customer experience and digital trust through ORM and feedback loops, lifting Google Play rating from 3.7 to 4.6 and iOS App Store rating from 1.8 to 4.3 while reducing negative reviews by 22% without paid review incentivisation.
